Tech: HTML, CSS, Bootstrap, JavaScript, React, React Hooks, MongoDB, Mongoose, Node.js, Express, API's, and Heroku.

EXPERIENCE

Software Engineering Immersive Program / General Assembly (Bitmaker Labs) - Canada - 2019/2020

- 450+hour full-time program, where I developed full-stack skills, with front-end and backend languages, tools, and methodologies.
- Completed projects individually and collaboratively in an agile environment.

Pastry Chef de Partie / Buca Osteria & Bar (Yorkville) - Canada - 2018/2019

- Improved my teamwork and leadership skills managing the pastry team through recruiting, training, supervising, and ensuring all quality standards while maintaining clear and respectful communication.
- Introduced two products to the seasonal menu.

Intellectual Property Lawyer / Ariboni, Fabbri e Schmidt AA - Brazil - 2013/2016

- Applied my analytical thinking and organization skills to represent several international luxury brand cases, such as Versace, Ferrari, and Gucci, before the Federal Court of Justice.
- Exceeded partner expectations winning 98% of the cases at the appellate court level.
